MASTERS OF BEEF ADVOCACY

Career Development Event

Revised July 24, 2024

- 1. Purpose
 - a. The purpose of the Masters of Beef Advocacy Career Development Event is to provide individuals with knowledge and understanding of beef and the beef lifecycle and the tools to share that information. The Arizona beef industry is robust, contributing \$431 million to Arizona's GDP while also being the keepers of the open range and spaces, leasing a vast amount of land from state or federal agencies to raise cattle. The Masters of Beef Advocacy (MBA) training program, developed by the Beef Checkoff Program, is a free, self-guided online course that provides farmers, ranchers, service providers, consumers, and all members of the beef community the tools and resources to become a beef advocate and answer tough questions about beef and raising cattle. This contest allows students the opportunity to complete the MBA program and then showcase their knowledge and ability to share facts and information about the beef community with those who have questions or concerns.
